# SECTION A: STATEMENT OF WORK

---

## A.1 Introduction

The Government of the District of Columbia (District) is committed to supporting children and youth in preparing for a bright future. In service of that commitment, the District is seeking to support strong non-profit organizations that provide children and youth with high-quality out-of-school-time (OST) programming.

The funds available through this Request for Proposals (RFP) will be made available through the Office of Out of School Time Grants and Youth Outcomes (OST Office), located in the Office of the Deputy Mayor for Education (DME), and grant awards are contingent upon the availability of funds. United Way of the National Capital Area (United Way NCA) is the grantmaking partner that will award and administer these funds on behalf of the DME's OST Office.

United Way NCA works to help all members of the community have a better life. United Way NCA focuses on the building blocks of a good life — a quality education, financial stability for individuals and families, and good health. United Way NCA convenes people and organizations to create solutions to the region's most pressing challenges. United Way NCA collaborates with effective partners, serves as the catalyst for community change, and brings together the voices, expertise, and resources needed to define, articulate, and create community impact in the national capital area.

Organizations do not need to be a member of United Way NCA to apply for this grant competition.

Learn24 is the umbrella name for the network that supports equitable access to high-quality, OST programs for the District's children and youth through coordination among non-profit organizations and District government agencies, targeted grant-making, data collection and evaluation, and through the provision of training, capacity building, and technical assistance to OST providers. The OST Office stewards the Learn24 brand to bring awareness of the OST Office, The Institute for Youth Development, United Way NCA, Commission on Out of School Time Grants and Youth Outcomes, higher education partners, District agencies, philanthropic partners, and the hundreds of non-profits and schools that offer programs to children and youth outside the school day.

## A.2 Scope

The School Year 2019-20 Out of School Time RFP invites high-performing, fiscally responsible, non-profit, or Local Educational Agencies (LEAs) that focus on youth development and serve children and youth between the ages of 5 – 21<sup>1</sup> years with OST programs to apply. Organizations applying must serve youth through a positive youth development approach. Organizations may serve children and youth who reside outside the District, however, these funds may only be applied to children and youth<sup>2</sup> who reside in the District. For this RFP, the term youth will be used to describe both children and youth.

For the purposes of this RFP, OST programming is defined as a structured, supervised learning youth development program offered to a distinct group of District youth before school, after school, on weekends, or during seasonal school breaks.

### A.2.1 Total Amount of Funding to be Awarded

Grant awards are contingent on the availability of funds approved by the Council of the District of Columbia. The OST Office, in partnership with United Way NCA, anticipates awarding up to \$500,000 in total awards.

Applicants may request up to \$100,000. The OST Office maintains the right to adjust the grant award amount.

---

<sup>1</sup> As defined by the Office of Out of School Time Grants and Youth Outcomes Establishment Act of 2016 § 2–1555.01

<sup>2</sup> "Youth" means an individual of 21 years of age or less who is eligible to enroll in a District primary or secondary school, or an individual of 22 years of age or less who is eligible to receive special education services from a local educational agency.

## **A.2.2 Youth Development Outcomes**

Youth development is a process that prepares children and youth to meet the challenges of childhood, adolescence, and adulthood and achieve his, her, or their full potential by offering activities and experiences that develop social, emotional, physical, cognitive, and spiritual competencies.

Positive Youth Development (PYD) or Advancing Youth Development (AYD) is a method that engages youth within their communities, schools, organizations, peer groups, and families in a manner that is productive and constructive; recognizes, utilizes, and enhances youths' strengths; and promotes positive outcomes for youth by providing opportunities, fostering positive relationships, and offering supports to build on youth's strengths and assets.

The intent of this grant is to support high quality OST organizations or LEAs that improve the educational, social, emotional, and physical health outcomes of youth. The OST Office seeks to fund youth serving organizations that provide intentional opportunities that help youth reach developmental outcomes and have meaningful roles in their community. Applicants may utilize the youth development outcomes as a framework. (Appendix 7)

## **A.2.3 Target Population**

Grants will be awarded to organizations serving youth between the ages of 5 – 21 years with a youth development approach. Preference will be given to applicants that serve youth who are most in need or at-risk<sup>3</sup> and require access to high-quality, low- or no-cost OST opportunities. Other considerations for need include family income, specific populations, neighborhood conditions, transportation issues, ages served, and number of programs offered in the community. Organizations must be able to describe the specific community need that the program addresses in the narrative. Additional information may be found through the D.C. Policy Center's [Needs Assessment of Out-of-School Time Programs](#) and Policy Studies Associates' [Voices of DC Parents and Youth on OST](#).

Programs must be available to any youth across the District that meets the programs' target population.

Organizations must serve a minimum of 30 unduplicated youth residing in the District by the end of the grant period. In order to be awarded the full grant award of \$100,000 applicants should serve a minimum of 60 unduplicated youth. Applicants must provide details in the budget narrative regarding the program cost and the number of youth served.

## **A.2.4 Grant Period**

The grant period is from August 1, 2019 through July 31, 2020.

## **A.2.5 Program Dosage**

Organizations must offer consistent and on-going programming, designed to enroll the same group of youth at the proposed site(s), which operates:

- year round and continuously for a minimum of once a week for at least one (1) hour per week for a minimum of 24 weeks during the grant period, **OR**
- an intensive program across six (6) continuous weeks, that meets at least four (4) hours per week, during the grant period, **OR**
- specifically when schools are closed for seasonal breaks, intersessions, holidays, or single day closures throughout the grant period. Program schedule must cover a minimum of three (3) school breaks for a minimum of six (6) hours per day for a total of fifteen (15) days over the grant period.

Programming may occur at any time during the grant period to meet the minimum dosage described above.

## **A.2.6 Location Requirements**

<sup>3</sup> Fair Student Funding and School – Based Budgeting Amendment Act of 2013

Section 4 (a) (2A) "At-risk" means a DCPS student or a public charter school student who is identified as one or more of the following:

- (A) Homeless;
- (B) In the District's foster care system;
- (C) Qualifies for the Temporary Assistance for Needy Families program or the Supplemental Nutrition Assistance Program; or
- (D) A high school student that is one year older, or more, than the expected age for the grade in which the student is enrolled.

Organizations may apply to serve youth at one site or multiple sites. ## Appendix 5: Logic Model

### [Organization's Name] Logic Model for [Program Name]

<b>Program and Mission statement</b> (note the target population, audience served and what you hope to impact)			
Type the mission statement here.			
<b>Challenge to be Addressed</b>			<b>Short Term Outcomes</b> (Awareness, Knowledge, Attitude)
What is the problem that your organization is trying to address through your programs?			<b>Outcomes</b> are the measurable, meaningful, and expected <b>changes</b> in the population served that result from a program's activities.
<b>Assumptions</b>	Assumptions are the beliefs you have about your program, the people involved and how you think change will occur. They might also include the theory behind the program, underlying beliefs about how and why it will work, or the conditions for success.		Short-term outcomes generally focus on changes in attitude, awareness, or knowledge. These are the outcomes you desire by the program mid-point.
<b>Inputs/Resources</b> (Needed to operate program)	<b>Activities</b> (Program Opportunities for Kids)	<b>Outputs</b> (Result of Program Activities)	<b>Intermediate Outcomes</b> (Skills, Action, Behavior)
<b>Inputs or resources</b> that go into a program including human, financial, organizational, and community resources available for carrying out a program's activities. Examples include: Funding, Program staff, curricula, Volunteers, and Research.	<b>Activities</b> (program activities) are the actions or events provided to generate desired outcomes. You should also include the <b>dosage—amount of time or number of activities</b> . For example: Workshops (4 @ 2 hours), Guest Speakers (6 per year), or Training Programs (2 hours/week for 10 weeks). The dosage is an important determining factor for whether your program can achieve its outcomes. A program that does one hour of tutoring per semester should not claim to improve grades. However, a program that does one hour of tutoring per week for a semester could make that claim.	<b>Outputs</b> are the direct products of a program's activities and may include types, levels and targets of services to be delivered by the program. Examples include # of individuals who will complete trainings, # of individuals who expressed satisfaction with the program, or # of individuals receiving referrals.	Intermediate or mid-term outcomes generally focus on changes in skills, behaviors, and actions. These are the outcomes you desire by the program end. Think about 0-3 months after your program ends when identifying these outcomes.
<b>External Factors</b> (Realities)	Those factors that are outside of your control that might influence your ability to do the planned work or achieve the desired change. Examples include funding, political changes, or participants relocating.		<b>Long Term Outcomes</b> (Status or Condition)
			Long-term outcomes generally focus on changes in status or condition. These are the outcomes you desire for participants to achieve or exhibit 6 months or longer after the end of your program. The time period for achieving this outcome should take into consideration how long you track participants beyond the actual program.

**Direct Program Costs:** Costs related to carrying out program activities and working directly with the students such as teachers, instructors, other education staff, aids, assistants, interns and management.

**Evidence Based Practices:** Practices or programming that have been shown through research or data to improve outcomes.

**Indirect/operating costs:** costs that cannot be tied directly to the program, but costs that are incurred to support the program, such as general operating costs or overhead costs(e.g. audits, audit fees, grant writing, management or finance salaries, or administrative rent).

**Frontline staff:** staff that work directly with children and youth.

**Goal:** an indicator established to determine whether you have achieved your objective (ex: All participating youth have improved their literacy scores).

**Local Education Agency:** The District of Columbia Public Schools system or any individual or group of public charter schools operating under a single charter

**Opportunities:** availability, situation, chance, or event for children and youth to participate in that may normally not be an option and is accompanied by appropriate supports and services.

**Outcome:** what young people do or say that shows progress (ex: changes in school grades, behaviors or attitudes)

**Out-of-school-time funding:** District funds that support out-of-school-time programs

**Out-of-school-time program:** a structured, supervised learning or youth development program offered to District youth before school, after school, on weekends, or during seasonal breaks

**Outputs:** tangible and measurable results of what a program does or provides that then lead participants to desired outcomes. Examples include number enrolled, number retained, number and/or duration of workshops, homework sessions, college visits, special events and guest speakers.

**Positive Youth Development (PYD):** is a method that engages youth within their communities, schools, organizations, peer groups, and families in a manner that is productive and constructive; recognizes, utilizes, and enhances youths' strengths so that youth are empowered to reach their full potential. PYD differs from other approaches to youth in that it rejects an emphasis on trying to correct what is "wrong" with children's behavior or development.

**Services:** provision of resources, knowledge or goods.

**Supports:** interpersonal relationships addressed by expectations, guidance, and boundaries.

**Target:** an indicator established to determine how successfully you are achieving an objective (ex: x% of youth will improve their literacy scores by at least one grade level).

**Youth Development:** a programmatic or service delivery approach that engages youth within their communities, schools, organizations, peer groups, and families in a manner that is productive and constructive; recognizes, utilizes, and enhances youths' strengths; and promotes positive outcomes for youth by providing opportunities, fostering positive relationships, and furnishing the support needed to build on their strengths.

**Youth Development Program:** A program or service that engages youth in a variety of social, emotional, educational, and recreational activities to promote improvements to their intellectual, behavioral, and physical well-being, consistent with a youth development approach.

**Youth Developmental Outcomes:** the results of programs and supports that are designed to engage children and youth to meet their developmental needs. These outcomes are the feelings, perceptions, behaviors and abilities that children and youth develop in an environment that uses an asset-based approach and positive youth development.

In the District of Columbia, the youth development outcomes have been framed into two categories:

Identity: a sense of personal well-being and connection and commitment to others.

Ability: knowledge, skills and attitudes that prepare children and youth for adulthood.

**Youth Participation:** children and youth having the power to make and implement decisions, together with a share of the responsibility for the outcomes.

**Youth Worker or Youth Development Practitioner:** an individual who works with children and youth to promote developmental outcomes. Youth Workers range from frontline staff to program managers who work with children and youth in structured, semi-structured, or unstructured settings.
