

#Count DMV In for the 2020 Census What You Need to Know About Census Takers

Our community's participation in the 2020 Census is more important than ever. The census data collection period has been confirmed to end on **September 30, 2020**.

Census Takers are now visiting households that have not self-responded to the census and will be doing so until September 30. However, individuals can still complete the census on their own from home and in multiple languages online (<http://my2020census.gov>), by phone (844-330-2020), and by mail ([mailed](#) paper forms arrived late April). Anyone who responds on their own will not receive a knock on the door.

What to know about Census Takers:*

- They must carry a photo ID badge with a U.S. Department of Commerce watermark and expiration date. They will be carrying an iPhone to use for enumeration.
- Census Takers will ONLY ask questions that appear on the census form. They will NEVER ask to enter your home.
- They will never ask you about your finances, citizenship or immigration status, driver's license, or social security number.
- It is against the law for them to share your answers with anyone, including your landlord, employer, police, or any other government agency.

*You can verify a Census Taker's identity by calling the regional Census office: (215) 717-1800.
