

# PHILANTHROPY IN THE WORKPLACE

LIVE UNITED

**U**nited Way of the National Capital Area mobilizes all sectors of the community to work together with one goal in mind – helping children and families live their best lives by reducing disparities and increasing equity. We address the needs of our community by focusing on three key pillars of impact – health, education and economic opportunity. It takes just a single person to initiate change – United Way NCA connects people with causes close to their hearts and inspires them to roll up their sleeves in their community.
