## Engaging Youth Voice in Voting Rights Equity

Join **United Way of the National Capital Area** for the next event in our 10-part Change Makers Education Series as we bring together experts in the field to discuss how we as a community can increase equity of youth voice in voting rights to support generations to come.

United Way of the National Capital Area is uniquely positioned at the intersection of public, private, philanthropic and nonprofit sectors to bring the best resources, individuals and organizations together to solve our region's most pressing issues facing our community today. United Way NCA's Change Makers Education Series convenes thought leaders in conversations focused on trends in the National Capital Area and solutions that advance equity in the region.

**When none are ignored, all will thrive.**
